Maggie, I am checking in to see what the status is on the updated SDS, I left you a few voice mails. The Determination Document is ready to be signed but they are waiting to make sure I have the updated SDS. I remember there may have been an issue when I tried calling you before.

Thanks,

Jeff Bauer - Program Manager

Hi Jeff,

I believe to fax from a fax machine you would just need to dial 302 683 3057.

Regards
Maggie

Hi Jeff,

Our office is now wireless. Please have faxes sent to [3026833057@eskerondemand.com](tel:3026833057). Please let me know if you have any questions.

I checked and I don't have any voicemails from your number. I can see a few calls were logged by the system. Did the voicemail not kick in?

Thank you!

Regards
Maggie

Margaret, I have left a few messages for you but I am not sure the voice mail is getting them, I called about updating the SDS with some GHS language for

reproductive toxicity and specific target organ toxicity.

I wanted to fax over the final health report. This case is done just getting a signature from downstairs once the SDS is updated.
